FARM TAXES ARE TOO LOW.

But a Complainant Got No Satisfaction From Equalization Board.

Jefferson City, March 10.—A demand was made upon the state board of equalization this morning that the assessments on all farm lands in the state be increased so that Kansas City and St. Louis and other large cities of the state do not pay more than their share of the state's taxes. S. L. Mosher of St. Louis appeared before the board and he had a raft of figures to back up his claims. But that was about as far as he got.

Some interesting comparisons, however, were shown between the assessed value of the farm lands in some of the rural counties and the values placed upon them by the farmers to in Sullivan county farm lands on the census enumerators.

In the census reports were assessed at only 14.41 per cent of the real value. In other counties the percentage of the real value in the assessed valuation was as follows:

Atchison, 14.78; Audrain, 18.28; Boone, 15.36; Callaway, 17.27; Carroll, 18.17; Cass, 18.23; Clinton, 15.78; Grundy, 16.17; Lafayette, 17.16; Nodaway, 16.71; Perry, 19.23; St. Clair, 19.83; Schuyler, 15.50.

A bill is pending before the house for final passage which will get all the bonds and notes of the cities on the taxation books. It was introduced by Representative Carrington of Maries county, and provides that where notes and such financial paper have not been listed for taxation, the holder may collect only 80 per cent of the face value. If the legislature passes this it will be certain to catch all the tax "dodgers," as they would not care to run the risk of losing 20 per cent of their investments.

MEETINGS AT BARNARD.

Will Continue During This Week—Professor Washburn Called Away Monday.

Rev. W. E. Royston of the Barnard M. E. church will continue the meetings being held at that church this week. His assistant, Professor Washburn, who had charge of the singing, left Monday for a new appointment. The financial affairs of the church are in good shape now, a condition that was a real obstacle to the success of the meetings at first, but as that difficulty has been met, it is expected that the work this week will be more than usually good.

The special music for the Sunday services was excellent, and consisted of duets, solos, quartets, by Professor Washburn, Mrs. L. E. Tulloch, Mrs. Dr. Gillette, Mrs. Robert Bridges and Rev. Royston. The junior choir has been giving good service, and everybody appreciated the singers.

K. P.'S TO CELEBRATE.

Local Lodge to Have Big Time Wednesday—Forty-Ninth Anniversary of the Order.

The local lodge of Knights of Pythias will celebrate the forty-ninth anniversary of the founding of that order on Wednesday evening in their lodge rooms. The committee in charge of the arrangements and program are C. Ed Signs, J. L. Tilson and H. J. Becker. The local lodge was organized in 1883.

Mr. Becker will have charge of the musical program to be given, which will consist of singing and instrumental music. Speeches will be given by Charles Hyslop, V. I. Moore and Prof. Frank Shepherd of the Normal school, R. L. McDougal and W. H. Crawford. After the program refreshments will be served.

BANQUET POSTPONED.

Man-and-Boy Affair Will Not Be Held Tonight on Account of the Death of Winfield Scott.

The man-and-boy banquet which was to have been given this Tuesday evening at 6:30 o'clock at the First Presbyterian church by the Men's club of the church, has been postponed on account of the death of one of its members, Mr. Winfield Scott.

Returning to Maryville.

Mr. and Mrs. Arthur Leet of Crab Orchard, Neb., who have been in Maryville since last fall, have concluded to remain in Maryville for some time and have leased the place of G. P. Bainum, in the north part of Maryville. Mr. Leet is not yet able to discard his crutches as a result of a fractured limb he sustained last summer, and Mrs. Leet is slowly recovering from a several months' illness of inflammatory rheumatism.

Mrs. Ed Bratcher and daughter went to St. Joseph Tuesday for a week's visit with Mrs. Charles Fox and with Mr. and Mrs. Ora Bratcher.

TEACHERS TO PLAY

MEMBERS OF NORMAL FACULTY WILL PLAY BASKET BALL.

NO HANDICAP THIS YEAR

Sporting Editor Says Fear of Examinations Won't Deter Y. M. C. A. From Playing Star Game.

The classiest card presented to local basket ball fans this season will be staged next Friday night, when a quintet composed of members of the Normal faculty will play the school Y. M. C. A. cabinet team. The Normal girls' team will play the Missouri Wesleyan girls, too, but the big affair of the evening will be the faculty-student conflict. The faculty five defeated the Y. M. C. A. last year, but the game took place perilously near the term examinations and the student team very diplomatically let the teachers win, but this year nothing like that stands in the way, and the cabinet team will play to win.

Dean George H. Colbert, who is "coaching" the high-brows, has been putting his men through a terribly hard week of practice, and declares that his warriors are in grand condition for the eventful battle. He hasn't fully decided on the line-up for Friday night, but here is his array of talent to choose from:

Prof. L. M. Eek, teacher of shorthand and typewriting and secretary to the president; also forward on the All-Maryville team for 1913.

Prof. V. I. Moore, head of Latin department and director of athletics. Mr. Moore will show some of the fine points of the game he has been teaching the first team.

W. A. Rickenbrode, registrar and instructor in bookkeeping and penmanship. He gained no small amount of fame in the faculty-student games last year. He is a guard and closely resembles "Pig-iron" McClintock when in action.

E. L. Harrington, head of science department, naturally plays a very "scientific" game. He is some guard. C. E. Wells, learned all about this game called basket ball when he was in Chili, and it's needless to say that he plays a "warm" game.

The only "ringer" on the faculty team is H. H. Mutz. Mutz really isn't a member of the faculty, but the reason they signed him was because he is a "south-paw," and no team is complete without at least one good "south-paw."

James A. Faris, who is president of the Y. M. C. A., has charge of the cabinet team, and since he received a challenge from Coach Colbert he tried to appoint "Fritz" Vandersloot leader of the Bible study class, and also attempted to appoint several other first team men to positions of trust and honor in the cabinet, but Mr. Colbert announced that the drafting season was closed.

The cabinet will be represented by the following men: Faris, Quinn, Strader, Jones, Mathes.

ANOTHER PICTURE SHOW.

A Moving Picture Machine to Be Put in Postoffice Building on North Side of the Square.

Maryville is to have another moving picture theater. It will open about June 1 in the postoffice building, on the North side of the square, after the postoffice moves from that location to the new government building on North Main street.

The theater will be in charge of Mrs. Floyd Miller, a daughter of Mr. and Mrs. John B. Cox of this city. Mr. and Mrs. Miller are now running two moving picture theaters in the county, one at Burlington Junction and one at Skidmore, and both of them will still continue to run, with the Maryville theater in addition.

ADJOURNED TO SATURDAY.

Circuit Court Will Meet Then, When Gugerty of Conception Will Be Arraigned.

An adjournment was taken Monday afternoon by circuit court until Saturday, when a few cases will come up. Thomas Gugerty of Conception Junction, charged with common assault, will be arraigned then.

Went to Kansas City.

F. E. Patterson of Kansas City, who has been visiting his sister, Mrs. C. L. McKee, and family of Sheridan, returned to his home Monday evening. He was accompanied by Mrs. McKee and her children, who will visit in Kansas City with her parents, Mr. and Mrs. J. W. Patterson.

MEN IN MAJORITY

105 MALES TO EVERY 100 FEMALES IN MISSOURI.

111,116 ARE ILLITERATE

Census Figures Show German, Irish and English Immigrants Remain and Raise Families.

The composition and characteristics of the population of Missouri, as reported at the thirteenth decennial census, are given in an advance bulletin soon to be issued by Director Durand of the bureau of the census department of commerce and labor, at Washington, D. C. It was prepared under the supervision of William C. Hunt, chief statistician for population. Statistics of color, nativity, parentage, sex, state of birth, citizenship, age, illiteracy, school attendance, marital condition, and dwellings and families are presented. They are grouped as follows: For the state and counties; for cities of more than 25,000 inhabitants; for cities of 10,000 to 25,000; for places of 2,500 to 10,000; and for wards of the three cities of more than 500,000. A previous population bulletin for Missouri gave the number of inhabitants by counties and minor civil divisions, decennial increase and density of population, and the proportions urban and rural. That and the forthcoming bulletin cover all the principal topics of the population census except occupations and ownership of homes.

Of the total population of Missouri, 2,387,835, or 72.5 per cent, are native whites of native parentage; 518,201, or 15.8 per cent, are native whites of foreign or mixed parentage; 228,896, or 7 per cent, are foreign born whites, and 157,452, or 4.8 per cent, are negroes.

In the total population of the state there are 1,687,813 males and 1,695,522 females, or 105.1 males to 100 females. In 1900 the ratio was 105.6 to 100. The number of males to 100 females among native whites is 103; among foreign born whites, 135.9. It is 101.3 in the urban population and 108 in the rural.

Of the total native population—that is, population born in the United States—72.6 per cent were born in Missouri and 27.4 per cent outside the state; of the native white population, 27.3 per cent were born outside the state, and of the native negro, 30 per cent. Persons born outside the state constitute a larger proportion of the native population in urban than in rural communities.

Of the foreign born white population of Missouri, persons born in Germany represent 38.5 per cent; Ireland, 10.2; Russia, 9.3; Austria, 7.1; England, 6; Italy, 5.7; Hungary, 5; Canada, 3.4; Switzerland, 2.7; Sweden, 2.5; Scotland, 1; all other countries, 7.8. Of the total white stock of foreign origin, which includes persons born abroad and also natives having one or both parents born abroad, Germany contributed 49.2 per cent; Ireland, 13.2; England, 6.5; Russia, 4.6; Austria, 4; Canada, 3.1; Italy, 2.8; Switzerland, 2.3; Hungary, 2; Sweden, 1.8; Scotland, 1.7; France, 1.5.

The total number of males 21 years of age and over is 973,062, representing 29.5 per cent of the population. Of such males, 65.8 per cent are native whites of native parentage, 17.2 per cent native whites of foreign or mixed parentage, 12.5 per cent foreign born whites, and 5.4 per cent negroes. Of the 121,494 foreign born white males of voting age, 65,612, or 54 per cent, are naturalized. Males of militia age—18 to 44—number 721,166.

The census inquiry as to school attendance was merely as to whether the person enumerated had attended any kind of school at any time between September 1, 1909, and the date of enumeration, April 15, 1910.

The total number of persons of school age—that is, from 6 to 20 years, inclusive—is 993,998, of whom 646,866, or 65.1 per cent, attended school. In addition to these, 7,649 children under 6 and 11,466 persons 21 and over attended school. For boys from 6 to 20 years, inclusive, the percentage attending school was 65.4; for girls, 64.8. For children from 6 to 14 years, inclusive, the percentage attending school was 85.2. The percentage for children of this age among native whites of native parentage was 85.5; among native whites of foreign or mixed parentage, 86.7; among foreign born whites, 80.7; and among negroes, 75.9. There is little difference between urban and rural communities as regards the percentage of school attendance for the ages from 6 to 14, but for persons 15 to 20 years the percentage was 26.2 in

the urban population and 41.9 in the rural.

The census bureau classifies as illiterate any person 10 years of age or over who is unable to write, regardless of ability to read.

There are 111,116 illiterates in the state, representing 4.3 per cent of the total population 10 years of age and over.

The total number of dwellings in Missouri is 677,196, and the total number of families 749,812, there being 110.7 families to each 100 dwellings. The average number of persons per dwelling is 4.9, and the average number per family, 4.4.

DEATH OF WINFIELD SCOTT.

Well Known Resident Passed Away at St. Francis Hospital Tuesday Morning at 3:30 o'clock.

Winfield Scott, a prominent resident of this county, who lived five miles northwest of Maryville, died Tuesday morning at 3:30 o'clock at St. Francis hospital after a two weeks' illness. Mr. Scott was brought to the hospital Friday night, an operation having been thought necessary to save his life. On examination the physicians found that an operation would only hasten his death.

Mr. Scott is survived by his wife and a daughter, Mrs. John Griffee, who lives northwest of Maryville. Also by his mother, who resides at Cambridge, O., and who will be 99 years old March 14, and two brothers, John M. Scott of West First street of this city and William Woods Scott of Mayville, Mich. The Michigan brother is now at Cambridge on a visit to his mother.

The deceased was a cousin of J. L. Scott and Mrs. J. K. Sawyers of this city and William B. Scott of northwest of Maryville.

Death came as a result of paralysis of the bowels, which condition was caused by a cancerous formation at the pyloric opening of the stomach and along the course of the small intestines, probably involving a portion of the pancreas and other organs.

The funeral will be held at the Presbyterian church at 2 o'clock Thursday afternoon, and will be conducted by Rev. S. D. Harkness. The pallbearers will be Sam Fisher, J. C. Taylor, Henry N. Moore, Rudolph Neidel, N. J. Kinsley and Joseph Jackson, Sr.

MORSE THURSDAY NIGHT.

Second Number of Conservatory Lecture Course at First M. E. Church.

Mr. Wort S. Morse, the noted violinist and head of the music department of the Kansas state university, assisted by Mr. P. O. Landon of the Maryville Conservatory, will give the second number of the excellent lecture and entertainment course that is being presented by Mr. Landon to the people of our city.

Mr. Morse will give two groups of solos, and Mr. Landon will play Beethoven's "Moonlight Sonata," a composition that is a great favorite of his and which few Maryville people have heard. He has given the composition much study, and it will be worth hearing.

The next number of the course will be the voice concert by Mrs. Ella Van Huff of Kansas City, on the night of April 11, when she will be assisted by Miss Marie Jones of this city.

Tickets for these two entertainments may be secured for 75 cents; otherwise they will be 50 cents each.

SUES TO CANCEL DEED.

Frank and Mace Crawford Suing O. C. Kirkpatrick and J. F. Roelofson.

A suit was filed in the circuit clerk's office Tuesday morning by Ellis G. Cook for Frank and Mace Crawford against O. C. Kirkpatrick and J. F. Roelofson. According to the petition O. C. Kirkpatrick, an attorney of Maryville a few years ago, was employed to represent the plaintiffs, whereby he was to receive \$350. The petition states that the plaintiffs gave their promissory note for \$350 to Kirkpatrick, and the note was later turned over to J. F. Roelofson, dated March 1, 1907. To secure the note a deed of trust was given to some property. The petition claims that Kirkpatrick failed and neglected and refused to perform his part of the agreement, and the plaintiffs want the deed set aside, as it is void, and want the note cancelled.

TO NAME TICKETS

DEMOCRATS AND REPUBLICANS TO HAVE CONVENTIONS.

NO BULL MOOSE TICKET

Republicans to Make Nominations March 15 and Democrats March 22—Election March 25.

The Republican township convention will be held in the court house on Saturday afternoon at 2 o'clock, and a township ticket will be nominated, which will be voted on at the township election to be held on Tuesday, March 25. The meeting will be a mass convention and will be called to order by W. F. Phares, chairman of the Republican county committee.

The Democratic township mass convention will be held on the following Saturday, or March 22, in the court house.

The Progressive or Bull Moose party will not have a ticket in the field at the township election, according to several of the party leaders. No arrangements have been made for a convention, and the prominent members say that none will be held. The Republican ticket will not be endorsed by that party. The reason, it is said, that the Progressives are not to hold a convention is that there don't seem to be very much interest in the new party in Maryville and Polk township.

The candidates for nomination on the Democratic ticket who have announced themselves are:

F. S. Grundy, W. F. Bollin, Marion F. Smith for township collector.
Cooper Gooden for trustee.
Ed F. Hamlin for assessor.
On the Republican ticket there are:
E. H. Bainum for trustee.
Orville A. Bennett and U. I. Willson for collector.

Richard Snyder for constable.
The township offices to be filled are: Trustee, two members of the township board, collector, assessor, constable, justices of the peace.

They arrived at their destination safely and had a delightful journey. Bill Presented in Legislature Hits Fake Schemes.

A bill making it illegal for a firm or individual to insert a false or misleading advertisement in a newspaper or periodical in this state, has gone to engrossment in both houses of the Missouri legislature. The bill will be taken up for final discussion in the next few days and has a good prospect of passing.

The bill, known as a model honest advertising bill, was originally drawn up for Printer's Ink, the trade journal. It has been introduced in the legislatures of eleven states and the District of Columbia this winter.

The lines of business affected by the passage of this bill are those which come under the classification of fake mining and real estate, "quack" doctors, clairvoyants, fake fire sales, fake bankruptcy sales, etc. In other words, after the passage of this bill if a merchant advertises he is going out of business he will have to go out of business or be subject to prosecution.

A copy of the bill follows:
"Any person, firm, corporation or association who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered by such person, firm, corporation, or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, hand-bill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation or statement of fact, which is untrue, deceptive or misleading, shall be guilty of a misdemeanor."

BILLS ARE SIGNED.

County Unit and White Slave Bills Are Approved by Governor Major.

Governor Major late Monday afternoon signed the county unit bill and also Senator Craig's white slave bill.

Very few elections are likely to be held under the county unit law this year, as no election can be held in a county which has voted under the old law until four years from the date of the last election in the county under that law.

Maryville with the rest of the county could not vote on it until February, 1916.

If the new law is submitted to vote under the referendum no local option elections will be held in any county or city till the vote on the approval or rejection of the county unit law is taken in 1914. If it is then adopted there will be a general movement to place counties under its operation, but if it is rejected by the voters the old law will stand, and elections will be held under its provisions in counties and cities where the four-year limit will have expired.

Submission of the new law to popular vote will result in an anti-prohibition campaign entirely unlike that of 1910. As the new law is not apt to affect the city of St. Louis as state-wide prohibition would have affected it (though it will curtail the state trade of the breweries, distillers and wholesalers of liquors), it will be hard to work up such a campaign in that city against its adoption as was brought about against state-wide prohibition. It will not be feared much by the liquor and saloon interests of Kansas City and St. Joseph, as the "dry" vote in Jackson and in Buchanan county will hardly be sufficient to overcome the wet vote of those cities; yet the opposition vote of these three populous cities and of the cities and counties that have never been under the operation of the local option law will add such strength to the "wet" vote of the "dry" and "wet" counties that the result will be doubtful from the start. And as the proposition involved is simply whether the counties shall have the right to vote out the sale of liquor entirely within their bounds the alignment will be altogether different from that of 1910, when it was proposed to prohibit both the manufacturer and sale of intoxicating liquors within the state.

The fight against the county unit law, at a referendum election, would practically be a struggle to keep open 150 saloons in the state that may be closed by "dry" votes under the long established local option law.

FARM TAXES ARE TOO LOW.

But a Complainant Got No Satisfaction From Equalization Board.

Jefferson City, March 10.—A demand was made upon the state board of equalization this morning that the assessments on all farm lands in the state be increased so that Kansas City and St. Louis and other large cities of the state do not pay more than their share of the state's taxes. S. L. Mosher of St. Louis appeared before the board and he had a raft of figures to back up his claims. But that was about as far as he got.

Some interesting comparisons, however, were shown between the assessed value of the farm lands in some of the rural counties and the values placed upon them by the farmers to the census enumerators.

In Sullivan county farm lands on the basis of the valuations made in the census reports were assessed at only 14.41 per cent of the real value. In other counties the percentage of the real value in the assessed valuation was as follows:

Atchison, 14.78; Audrain, 18.28; Boone, 15.36; Callaway, 17.27; Carroll, 18.17; Cass, 18.23; Clinton, 15.78; Grundy, 16.17; Lafayette, 17.16; Nodaway, 16.71; Perry, 19.23; St. Clair, 19.83; Schuyler, 15.50.

A bill is pending before the house for final passage which will get all the bonds and notes of the cities on the taxation books. It was introduced by Representative Carrington of Maries county, and provides that where notes and such financial paper have not been listed for taxation, the holder may collect only 80 per cent of the face value. If the legislature passes this it will be certain to catch all the tax "dodgers," as they would not care to run the risk of losing 20 per cent of their investments.

MEETINGS AT BARNARD.

Will Continue During This Week—Professor Washburn Called Away Monday.

Rev. W. E. Royston of the Barnard M. E. church will continue the meetings being held at that church this week. His assistant, Professor Washburn, who had charge of the singing, left Monday for a new appointment. The financial affairs of the church are in good shape now, a condition that was a real obstacle to the success of the meetings at first, but as that difficulty has been met, it is expected that the work this week will be more than usually good.

The special music for the Sunday services was excellent, and consisted of duets, solos, quartets, by Professor Washburn, Mrs. I. E. Tulloch, Mrs. Dr. Gillette, Mrs. Robert Bridges and Rev. Royston. The junior choir has been giving good service, and everybody appreciated the singers.

K. P.'S TO CELEBRATE.

Local Lodge to Have Big Time Wednesday—Forty-Ninth Anniversary of the Order.

The local lodge of Knights of Pythias will celebrate the forty-ninth anniversary of the founding of that order on Wednesday evening in their lodge rooms. The committee in charge of the arrangements and program are C. Ed Signs, J. L. Tilson and H. J. Becker. The local lodge was organized in 1883.

Mr. Becker will have charge of the musical program to be given, which will consist of singing and instrumental music. Speeches will be given by Charles Hyslop, V. I. Moore and Prof. Frank Shepherd of the Normal school, R. L. McDougal and W. H. Crawford. After the program refreshments will be served.

BANQUET POSTPONED.

Man-and-Boy Affair Will Not Be Held Tonight on Account of the Death of Winfield Scott.

The man-and-boy banquet which was to have been given this Tuesday evening at 6:30 o'clock at the First Presbyterian church by the Men's club of the church, has been postponed on account of the death of one of its members, Mr. Winfield Scott.

Returning to Maryville.

Mr. and Mrs. Arthur Leet of Crab Orchard, Neb., who have been in Maryville since last fall, have concluded to remain in Maryville for some time and have leased the place of G. P. Bainum, in the north part of Maryville. Mr. Leet is not yet able to discard his crutches as a result of a fractured limb he sustained last summer, and Mrs. Leet is slowly recovering from a several months' illness of inflammatory rheumatism.

Mrs. Ed Bratcher and daughter went to St. Joseph Tuesday for a week's visit with Mrs. Charles Fox and with Mr. and Mrs. Ora Bratcher.

TEACHERS TO PLAY

MEMBERS OF NORMAL FACULTY WILL PLAY BASKET BALL.

NO HANDICAP THIS YEAR

Sporting Editor Says Fear of Examinations Won't Deter Y. M. C. A. From Playing Star Game.

The classiest card presented to local basket ball fans this season will be staged next Friday night, when a quintet composed of members of the Normal faculty will play the school Y. M. C. A. cabinet team. The Normal girls' team will play the Missouri Wesleyan girls, too, but the big affair of the evening will be the faculty-student conflict. The faculty five defeated the Y. M. C. A. last year, but the game took place perilously near the term examinations and the student team very diplomatically let the teachers win, but this year nothing like that stands in the way, and the cabinet team will play to win.

Dean George H. Colbert, who is "coaching" the high-brows, has been putting his men through a terribly hard week of practice, and declares that his warriors are in grand condition for the eventful battle. He hasn't fully decided on the line-up for Friday night, but here is his array of talent to choose from:

Prof. L. M. Eek, teacher of shorthand and typewriting and secretary to the president; also forward on the All-Maryville team for 1913.

Prof. V. I. Moore, head of Latin department and director of athletics. Mr. Moore will show some of the fine points of the game he has been teaching the first team.

W. A. Rickenbrode, registrar and instructor in bookkeeping and penmanship. He gained no small amount of fame in the faculty-student games last year. He is a guard and closely resembles "Big Iron" McIntosh when in action.

E. L. Harrington, head of science department, naturally plays a very "scientific" game. He is some guard.

C. E. Wells, learned all about this game called basket ball when he was in Chili, and it's needless to say that he plays a "warm" game.

The only "ringer" on the faculty team is H. H. Mutz. Mutz really isn't a member of the faculty, but the reason they signed him was because he is a "south-paw," and no team is complete without at least one good "south-paw."

James A. Faris, who is president of the Y. M. C. A., has charge of the cabinet team, and since he received a challenge from Coach Colbert he tried to appoint "Fritz" Vandersloot leader of the Bible study class, and also attempted to appoint several other first team men to positions of trust and honor in the cabinet, but Mr. Colbert announced that the drafting season was closed.

The cabinet will be represented by the following men: Faris, Quinn, Strader, Jones, Mathes.

ANOTHER PICTURE SHOW.

A Moving Picture Machine to Be Put in Postoffice Building on North Side of the Square.

Maryville is to have another moving picture theater. It will open about June 1 in the postoffice building, on the North side of the square, after the postoffice moves from that location to the new government building on North Main street.

The theater will be in charge of Mrs. Floyd Miller, a daughter of Mr. and Mrs. John B. Cox of this city. Mr. and Mrs. Miller are now running two moving picture theaters in the county, one at Burlington Junction and one at Skidmore, and both of them will still continue to run, with the Maryville theater in addition.

ADJOURNED TO SATURDAY.

Circuit Court Will Meet Then, When Gurgerty of Conception Will Be Arraigned.

An adjournment was taken Monday afternoon by circuit court until Saturday, when a few cases will come up. Thomas Gurgerty of Conception Junction, charged with common assault, will be arraigned then.

Went to Kansas City.

F. E. Patterson of Kansas City, who has been visiting his sister, Mrs. C. L. McKee, and family of Sheridan, returned to his home Monday evening. He was accompanied by Mrs. McKee and her children, who will visit in Kansas City with her parents, Mr. and Mrs. J. W. Patterson.

MEN IN MAJORITY

105 MALES TO EVERY 100 FEMALES IN MISSOURI.

111,116 ARE ILLITERATE

Census Figures Show German, Irish and English Immigrants Remain and Raise Families.

The composition and characteristics of the population of Missouri, as reported at the thirteenth decennial census, are given in an advance bulletin soon to be issued by Director Durand of the bureau of the census department of commerce and labor, at Washington, D. C. It was prepared under the supervision of William C. Hunt, chief statistician for population. Statistics of color, nativity, parentage, sex, state of birth, citizenship, age, illiteracy, school attendance, marital condition, and dwellings and families are presented. They are grouped as follows: For the state and counties; for cities of more than 25,000 inhabitants; for cities of 10,000 to 25,000; for places of 2,500 to 10,000; and for wards of the three cities of more than 500,000. A previous population bulletin for Missouri gave the number of inhabitants by counties and minor civil divisions, decennial increase and density of population, and the proportions urban and rural. That and the forthcoming bulletin cover all the principal topics of the population census except occupations and ownership of homes.

Of the total population of Missouri, 2,387,825, or 72.5 per cent, are native whites of native parentage; 518,201, or 15.8 per cent, are native whites of foreign or mixed parentage; 228,896, or 7 per cent, are foreign born whites, and 157,452, or 4.8 per cent, are negroes.

In the total population of the state there are 1,687,813 males and 1,695,522 females, or 105.1 males to 100 females. In 1900 the ratio was 105.6 to 100. The number of males to 100 females among native whites is 103; among foreign born whites, 135.9. It is 101.3 in the urban population and 108 in the rural.

Of the total native population—that is, population born in the United States—72.6 per cent were born in Missouri and 27.4 per cent outside the state; of the native white population, 27.3 per cent were born outside the state, and of the native negro, 30 per cent. Persons born outside the state constitute a larger proportion of the native population in urban than in rural communities.

Of the foreign born white population of Missouri, persons born in Germany represent 38.5 per cent; Ireland, 10.2; Russia, 9.3; Austria, 7.1; England, 6; Italy, 5.7; Hungary, 5; Canada, 3.4; Switzerland, 2.7; Sweden, 2.5; Scotland, 1.1; all other countries, 7.8. Of the total white stock of foreign origin, which includes persons born abroad and also natives having one or both parents born abroad, Germany contributed 49.2 per cent; Ireland, 13.2; England, 6.5; Russia, 4.6; Austria, 4; Canada, 3.1; Italy, 2.8; Switzerland, 2.3; Hungary, 2; Sweden, 1.8; Scotland, 1.7; France, 1.5.

The total number of males 21 years of age and over is 973,062, representing 29.5 per cent of the population. Of such males, 65.8 per cent are native whites of native parentage, 17.2 per cent native whites of foreign or mixed parentage, 12.5 per cent foreign born whites, and 5.4 per cent negroes. Of the 121,494 foreign born white males of voting age, 65,612, or 54 per cent, are naturalized. Males of militia age—18 to 44—number 721,166.

The census inquiry as to school attendance was merely as to whether the person enumerated had attended any kind of school at any time between September 1, 1909, and the date of enumeration, April 15, 1910.

The total number of persons of school age—that is, from 6 to 20 years, inclusive—is 993,998, of whom 646,866, or 65.1 per cent, attended school. In addition to these, 7,649 children under 6 and 11,466 persons 21 and over attended school. For boys from 6 to 20 years, inclusive, the percentage attending school was 65.4; for girls, 64.8. For children from 6 to 14 years, inclusive, the percentage attending school was 85.2. The percentage for children of this age among native whites of native parentage was 85.5; among native whites of foreign or mixed parentage, 86.7; among foreign born whites, 80.7; and among negroes, 75.9. There is little difference between urban and rural communities as regards the percentage of school attendance for the ages from 6 to 14, but for persons 15 to 20 years the percentage was 26.2 in

the urban population and 41.3 in the rural.

The census bureau classifies as illiterate any person 10 years of age or over who is unable to write, regardless of ability to read.

There are 111,116 illiterates in the state, representing 4.3 per cent of the total population 10 years of age and over.

The total number of dwellings in Missouri is 677,196, and the total number of families 749,812, there being 110.7 families to each 100 dwellings. The average number of persons per dwelling is 4.9, and the average number per family, 4.4.

DEATH OF WINFIELD SCOTT.

Well Known Resident Passed Away at St. Francis Hospital Tuesday Morning at 3.30 o'clock.

Winfield Scott, a prominent resident of this county, who lived five miles northwest of Maryville, died Tuesday morning at 3:30 o'clock at St. Francis hospital after a two weeks' illness. Mr. Scott was brought to the hospital Friday night, an operation having been thought necessary to save his life. On examination the physicians found that an operation would only hasten his death.

Mr. Scott is survived by his wife and a daughter, Mrs. John Griffee, who lives northwest of Maryville. Also by his mother, who resides at Cambridge, O., and who will be 99 years old March 14, and two brothers, John M. Scott of West First street of this city and William Woods Scott of Mayville, Mich. The Michigan brother is now at Cambridge on a visit to his mother.

The deceased was a cousin of J. L. Scott and Mrs. J. K. Sawyers of this city and William B. Scott of northwest of Maryville.

Death came as a result of paralysis of the bowels, which condition was caused by a cancerous formation at the pyloric opening of the stomach and along the course of the small intestines, probably involving a portion of the pancreas and other organs.

The funeral will be held at the Presbyterian church at 2 o'clock Thursday afternoon, and will be conducted by Rev. S. D. Harkness. The pallbearers will be Sam Fisher, J. C. Taylor, Henry N. Moore, Rudolph Nield, N. J. Kinsley and Joseph Jackson, Sr.

MORSE THURSDAY NIGHT.

Second Number of Conservatory Lecture Course at First M. E. Church.

Mr. Wort S. Morse, the noted violinist and head of the music department of the Kansas state university, assisted by Mr. P. O. Landon of the Maryville Conservatory, will give the second number of the excellent lecture and entertainment course that is being presented by Mr. Landon to the people of our city.

Mr. Morse will give two groups of solos, and Mr. Landon will play Beethoven's "Moonlight Sonata," a composition that is a great favorite of his and which few Maryville people have heard. He has given the composition much study, and it will be worth hearing.

The next number of the course will be the voice concert by Mrs. Ella Van Huff of Kansas City, on the night of April 11, when she will be assisted by Miss Marie Jones of this city.

Tickets for these two entertainments may be secured for 75 cents; otherwise they will be 50 cents each.

SUES TO CANCEL DEED.

Frank and Mace Crawford Suing O. C. Kirkpatrick and J. F. Roelofson.

A suit was filed in the circuit clerk's office Tuesday morning by Ellis G. Cook for Frank and Mace Crawford against O. C. Kirkpatrick and J. F. Roelofson. According to the petition O. C. Kirkpatrick, an attorney of Maryville a few years ago, was employed to represent the plaintiffs, whereby he was to receive \$250. The petition states that the plaintiffs gave their promissory note for \$350 to Kirkpatrick, and the note was later turned over to J. F. Roelofson, dated March 1, 1907. To secure the note a deed of trust was given to some property. The petition claims that Kirkpatrick failed and neglected and refused to perform his part of the agreement, and the plaintiffs want the deed set aside, as it is void, and want the note cancelled.

Died in St. Joseph.

John Shroyer, 75 years old, died Sunday afternoon at a hospital in St. Joseph. He is survived by a son, William Shroyer, who resides at Hopkins.

Off On Trip.

Mr. and Mrs. A. O. Mason left Tuesday morning for a trip to Kansas City for a few days, and then to Ransom, Kan., where Mr. Mason will look after his ranch.

TO NAME TICKETS

DEMOCRATS AND REPUBLICANS TO HAVE CONVENTIONS.

NO BULL MOOSE TICKET

Republicans to Make Nominations March 15 and Democrats March 22—Election March 25.

The Republican township convention will be held in the court house on Saturday afternoon at 2 o'clock, and a township ticket will be nominated, which will be voted on at the township election to be held on Tuesday, March 25. The meeting will be a mass convention and will be called to order by W. F. Phares, chairman of the Republican county committee.

The Democratic township mass convention will be held on the following Saturday, or March 22, in the court house.

The Progressive or Bull Moose party will not have a ticket in the field at the township election, according to several of the party leaders. No arrangements have been made for a convention, and the prominent members say that none will be held. The Republican ticket will not be endorsed by that party. The reason, it is said, that the Progressives are not to hold a convention is that there don't seem to be very much interest in the new party in Maryville and Polk township.

The candidates for nomination on the Democratic ticket who have announced themselves are:

F. S. Grundy, W. F. Bolin, Marion F. Smith for township collector.

Cooper Gooden for trustee.

Ed F. Hamlin for assessor.

On the Republican ticket there are:

E. H. Bainum for trustee.

Orville A. Bennett and U. I. Willson for collector.

Richard Snyder for constable.

The township offices to be filled are:

Trustee, two members of the township board, collector, assessor, constable, justices of the peace.

Are Pleased With Panama.

Miss Alice Ford and Miss Gladys Ford received a letter Monday from their mother, Mrs. J. S. Ford, who left Maryville February 15, with her little daughter, Merle, for Cristobal, Panama. They arrived at their destination safely and had a delightful journey. Although they were on the water five days they were not seasick at any time, and enjoyed that part of the journey as comfortably as though traveling by train. Miss Merle has been placed in the schools there and is charmed with the school life in Panama. Mrs. Ford will spend several months with her sons, Stanley and John Wesley Ford, in that country.

MAY HAVE HONEST AD LAW.

Bill Presented in Legislature Hits Fake Schemes.

A bill making it illegal for a firm or individual to insert a false or misleading advertisement in a newspaper or periodical in this state, has gone to engrossment in both houses of the Missouri legislature. The bill will be taken up for final discussion in the next few days and has a good prospect of passing.

The bill, known as a model honest advertising bill, was originally drawn up for Printer's Ink, the trade journal. It has been introduced in the legislatures of eleven states and the District of Columbia this winter.

The lines of business affected by the passage of this bill are those which come under the classification of fake mining and real estate, "quack" doctors, clairvoyants, fake fire sales, fake bankruptcy sales, etc. In other words, after the passage of this bill if a merchant advertises he is going out of business he will have to go out of business or be subject to prosecution.

A copy of the bill follows:

"Any person, firm, corporation or association who, with intent to sell or in any wise dispose of merchandise, securities, service, or anything offered by such person, firm, corporation, or association, directly or indirectly, to the public for sale or distribution, or with intent to increase the consumption thereof, or to induce the public in any manner to enter into any obligation relating thereto, or to acquire title thereto, or an interest therein, makes, publishes, disseminates, circulates, or places before the public, or causes, directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in this state, in a newspaper or other publication, or in the form of a book, notice, hand-bill, poster, bill, circular, pamphlet, or letter, or in any other way, an advertisement of any sort regarding merchandise, securities, service, or anything so offered to the public, which advertisement contains any assertion, representation or statement of fact, which is untrue, deceptive or misleading, shall be guilty of a misdemeanor."

BILLS ARE SIGNED.

County Unit and White Slave Bills Are Approved by Governor Major.

Governor Major late Monday afternoon signed the county unit bill and also Senator Craig's white slave bill.

Very few elections are likely to be held under the county unit law this year, as no election can be held in a county which has voted under the old law until four years from the date of the last election in the county under that law.

Maryville with the rest of the county could not vote on it until February, 1916.

If the new law is submitted to vote under the referendum no local option elections will be held in any county or city till the vote on the approval or rejection of the county unit law is taken in 1914. If it is then adopted there will be a general movement to place counties under its operation, but if it be rejected by the voters the old law will stand, and elections will be held under its provisions in counties and cities where the four-year limit will have expired.

Submission of the new law to popular vote will result in an anti-prohibition campaign entirely unlike that of 1910. As the new law is not apt to affect the city of St. Louis as state-wide prohibition would have affected it (though it will curtail the state trade of the breweries, distillers and wholesalers of liquors), it will be hard to work up such a campaign in that city against its adoption as was brought about against state-wide prohibition. It will not be feared much by the liquor and saloon interests of Kansas City and St. Joseph, as the "dry" vote in Jackson and Buchanan county will hardly be sufficient to overcome the wet vote of those cities; yet the opposition vote of these three populous cities and of the cities and counties that have never been under the operation of the local option law will add strength to the "wet" vote of the "dry" and "wet" counties that the result will be doubtful from the start. And as the proposition involved is simply whether the counties shall have the right to vote on the sale of liquor entirely within their bounds the alignment will be altogether different from that of 1910, when it was proposed to prohibit both the manufacturer and sale of intoxicating liquors within the state.

The fight against the county unit law, at a referendum election, would practically be a struggle to keep open 150 saloons in the state that may be closed by "dry" votes under the long established local option law.
